

DIRUPI

 Ponte in Valtellina, Valtellina, Lombardia, Italy

ABOUT THE PRODUCER

Dirupi is the creation of Davide Fasolini and Pierpaolo Di Franco, two of Italy's most dynamic and talented young winemakers. Nestled in the Valtellina region of Lombardy, near the Swiss border, their passion for winemaking is evident in every bottle they produce. Valtellina is a unique area, distinguished by its special climatic and geographical features. Located in the heart of the Alps, the region enjoys a south-facing exposure that provides the vineyards with optimal sunlight and warmth—essential for cultivating Nebbiolo grapes. Davide and Pierpaolo share a deep connection that dates back to their childhood, when they played basketball together. Their paths crossed again at university, where they discovered a shared passion for winemaking. Despite financial hurdles and the absence of family vineyards, their unwavering determination and belief in Valtellina's potential spurred them on. Combining forces and scraping together the necessary funds, they leased a few vineyards and set out to turn their dream into reality. Today, Dirupi stands as a testament to their hard work, dedication, and the exceptional wines born from the heart of Valtellina.
