

CAMILUCCI

♥ Erbusco, Franciacorta, Lombardia, Italy

ABOUT THE PRODUCER

In the heart of Franciacorta, where the gentle slopes embrace the vines under the Lombardy sun, lies the essence of Stefano Camilucci — a testament to passion, heritage, and a commitment to the future. Stefano Camilucci has transformed his family's legacy into a poetic endeavor, blending tradition with innovation to craft wines that embody the soul of their terroir. Nestled in Erbusco, amidst a landscape blessed for viticulture, his vineyards span across picturesque municipalities, each parcel echoing the whispers of generations past. Here vinification is not merely a process but a symphony of meticulous care and a pioneering spirit.

ADDITIONAL NOTES

WINEMAKING STYLE

Stefano Camilucci is recognized for his practice of employing later harvest timing, abstaining from chaptalization, and forgoing malolactic fermentation. He also uses mosto fiore (free-run must), gently pressing all of his wines. Instead of adding a dosage or sugar to the disgorged wines, he tops each bottle off exclusively with reserve wine. Another point worth mentioning is his use of micro-vinification, using over 50 tanks in the cellar. These meticulous methods enable the unadulterated essence of the terroir and grapes to be authentically conveyed.
